

ABUXILLARY

## Offset Lifting Beam up to 1t

**Manufacturer** - Reds Global

**Model** up to 1t

When the crane is required to operate in tight inaccessible areas or work areas with limited head room, our offset lifting beams offer easier load positioning.

We have offset lifting beams with lift capacities of 1t at offsets of 1200mm

Each offset beam is supplied with lifting gear and safety shackles.

Each offset beam is provided with full handover and SOP.

### Specifications

- Varying counterweight configurations
- Easy to use and operate
- Increases cranes minimum radius
- Certified lifting gear supplied
