

AUXILLARY

MANBOX

Manufacturer - Reds Global

Model – RGMB Manbox

Designed and developed in house, our range of Manboxes offer greater comfort for workers. These boxes will fit 4 occupants comfortably.

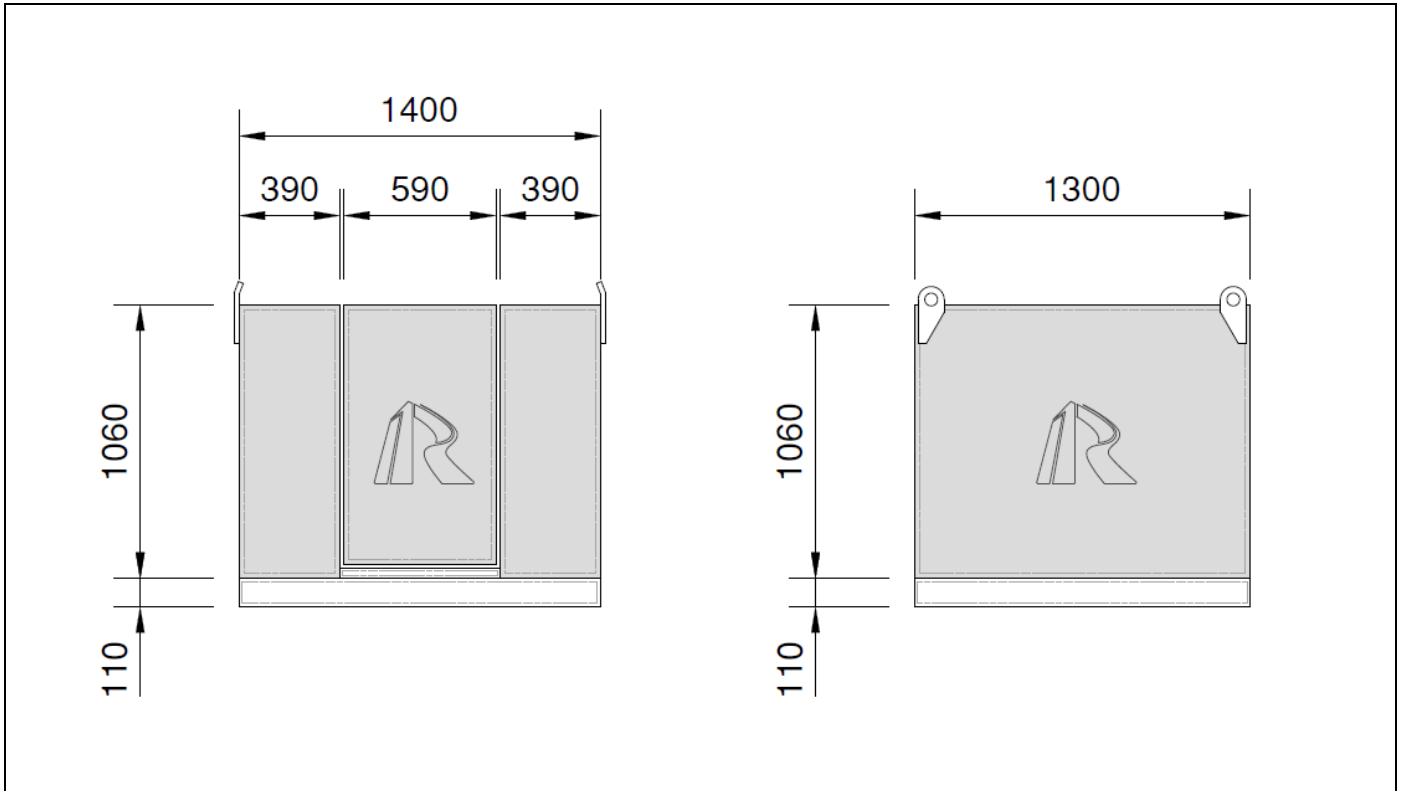

The supplied wire rope assembly will also offer ease of use as there are no bulky chains to deal with when entering and exiting the man box.

Built to last, the galvanised finish will ensure workers will be confident when using our man boxes.

Specifications

- Tare Mass 375kg
- SWL with 4 Occupants 500kg
- Max hoisted load 875kg
- Certified lifting gear supplied
